PROFESSIONAL SUMMARY

Aspiring Java Full Stack Developer with an MCA, currently learning Java, OOP, DSA, and front-end development (HTML, CSS, JavaScript) through AccioJob's Full Stack program. Brings strong analytical and problem-solving skills from prior IT operations experience, now being applied to software development.

TECHNICAL SKILLS

- Languages: Java (J2SE), JavaScript, HTML5, CSS3
- Core Competencies: Object-Oriented Programming (OOP), DSA, DOM Manipulation, CRUD Operations
- Databases: MySQL, MongoDB (academic/conceptual exposure)
- Tools & Platforms: Git, GitHub, VS Code, ITAM Genie

PROFESSIONAL EXPERIENCE

System Engineer — Instakart Services Pvt. Ltd. (Flipkart Group)

May 2024 – Present

Gurgaon, Haryana

- Manage system operations and provide technical support for 500+ enterprise end-users, ensuring high tool availability.
- Track and manage IT assets using ITAM Genie, maintaining accurate inventory and compliance records.
- Coordinate with vendors for hardware and software procurement and resolve related issues.
- Administer Active Directory environments, including account provisioning, permissions, and group policies.
- Author SOPs and technical documentation to streamline hardware and software maintenance.

TECHNICAL PROJECTS

Interactive Personal Portfolio

Jun 2026 – Present

HTML, CSS, JavaScript — [Link](#)

- Developed and deployed a fully responsive personal portfolio website to showcase technical skills and projects.
- Built with a mobile-first, responsive layout for smooth viewing across desktop and mobile devices.

Library Management System

May 2026 – Jun 2026

Java, OOP, Collections, File I/O

- Built a console-based Library Management System in core Java with add, remove, and search operations.
- Tracked issued and returned records using ArrayList/HashMap, with Java File I/O to persist data across sessions.
- Built using pure Java only — no external frameworks or databases.

Dynamic To-Do List Application

Jun 2026 – Jun 2026

JavaScript, HTML, CSS, DOM, Local Storage

- Built a single-page web application with complete CRUD functionality to manage user tasks.
- Implemented persistent browser-based local storage so tasks remain saved across sessions without a backend.

EDUCATION

- Java Full Stack Developer Program — AccioJob, Noida (Present)
- Master of Computer Applications (MCA) — SD College of Management Studies, AKTU (2024)
- Bachelor of Computer Applications (BCA) — DAV Degree College, CCS University (2022)
